Oakland, CA | (510)-666-5542 | [LinkedIn](#) | [Personal Site](#) | garkilic@gmail.com

EXPERIENCE

2022 - Present
Booz Allen Hamilton | Technology Scout | San Francisco, CA

- Developed lead generation pipeline between the Tech Scouting team and our new Corporate Venture Capital team.
- Led AI projects, integrating and consulting complicated technologies into government architecture over a period of two years.
- Saved client ~$800k based on technical research and recommendations.
- Worked extensively on building out and integrating AI tools into projects and initiatives across the firm.

2021 - 2022
FitLab | Product Manager | Oakland, CA

- Worked closely with our CTO to build component-based applications using material design in Flutter delivering on a six-week development cycle.
- Collaborated with design and engineering to create a new payment flow in React and GatsbyJS.
- Created and maintained an agile software development lifecycle for our engineering, design, and product teams to allow for us to deliver updates and new products continuously.
- Created an MVP for 'FightLab' an integrated hardware and software at-home workout experience with ~$15,000 in pre-purchases.

2019 - 2020
Fitplan (Acquired by FitLab) | Product Manager | Los Angeles, CA

- Led a team of engineers and UI/UX designers to work throughout all stages of product development which produced sales exceeding $8 MM and increased in-app retention by 62% over a calendar year.
- Identified an opportunity in the OTT market for Fitplan and executed on the creation of a Samsung TV Fitplan app. Since launching in May 2020 the app has been downloaded over 4 MM times.
